

RIGHT BULLET LIGHT HOLE TEMPLATE FOR DRILLING

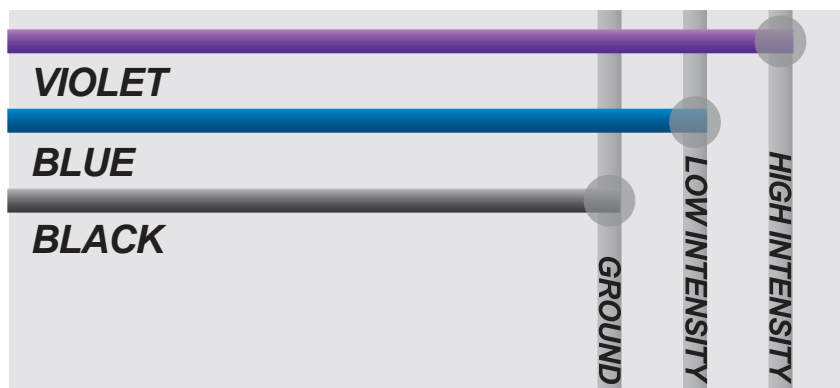

LEFT BULLET LIGHT HOLE TEMPLATE FOR DRILLING

LED BULLET LIGHTS BASE MOUNT

WITH 1/4" STANDOFF MOUNTS

INSTALLATION INSTRUCTIONS

TO INSTALL

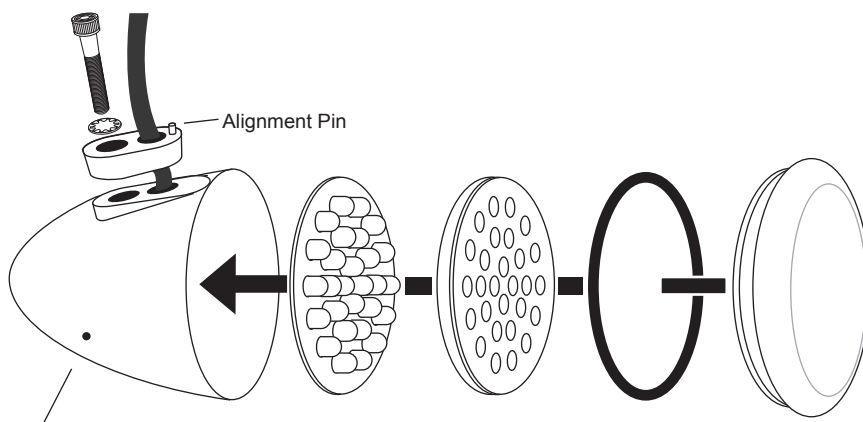

YOU MAY NEED A TEST LIGHT TO LOCATE THE PROPER WIRES. WE RECOMMEND USING TAP SPLICE CONNECTORS TO CONNECT THE WIRING (NOT INCLUDED).

STEP 1: TAP THE VIOLET WIRE FROM THE BULLET LIGHT TO A HIGH INTENSITY WIRE.

STEP 2: TAP THE BLUE WIRE FROM THE BULLET LIGHT TO A LOW INTENSITY WIRE.

STEP 3: TAP THE BLACK WIRE FROM THE BULLET LIGHT TO A GROUND WIRE.

STEP 4: MOUNT BULLET LIGHT ON THE INCLUDED STANDOFF. CUT OUT TEMPLATE AT LEFT AND REFER TO WHEN MOUNTING.

Weephole for Drainage: This should be located at the bottom of the light when mounting. Each package contains a left and right bullet light, be sure your weephole is facing downward for proper drainage.
